AURORA 01

HOW IS THE MASTERPIECE BORN?

1. Take an impressive form, which elements and joins are the end result of a thoroughly deliberated conception.
2. Cover the unfinished wooden frame with a colour that your heart desires.
3. Finally dress it with fabrics, which indulge equally your eyes, skin and your soul. You can choose from exclusive wool or other high-quality fabrics.

WOODEN PARTS

Our Aurora chair is made of top quality solid oak and beech, stained in different colours.

FABRIC SELECTIONS

You can choose three types of fabric in different colours. On request, other fabrics are available too.
